

***THE BAHAMAS ENERGY CONFERENCE AND EXPO***  
***NOVEMBER 12 - 13, 2009***  
***SHERATON NASSAU BEACH RESORT***

The Bahamas Energy Conference will be held in conjunction with the U.S. Embassy Nassau, The Bahamas Chamber of Commerce and The Bahamas Hotel Association. The U.S. Embassy invites American manufacturers and distributors to participate in this event. The purpose of the conference and expo is to present information and research on the latest energy trends and to explore emerging technologies on energy use and consumption.

**Topics to be covered include:**

- Energy and Climate change
- The Fuel Market
- Diversifying Energy Supply
- The Realities of Renewables
- Energy and Environmental Policy
- Financing Energy projects

**Featured Speakers include:**

- Local and foreign environmental experts
- Bahamian government officials
- Academic scholars of Alternative Energy
- Hotel developers

**WE WELCOME MANUFACTURERS AND DISTRIBUTORS OF:**

- Alternative fuel
- Solar Appliances
- Smart meters
- Green construction
- Renewable energy technology
- Green energy sources (thermal, biomass, etc.)
